

SHARROW FESTIVAL IN SHEFFIELD

There is a good example in this annual Sharrow show,
Our multi-cultural city at its really very best,
With stalls for all those helpful groups,
The groups which help the world, and yet,
The gain is local, while the joy is now,
And Sarah says it's always sunny there,
Well this is true, for me I found the brightest group.
So bless the Sharrow Festival and every volunteer,
Such help for Nicaragua, and passion for the Earth, but,
It's not all great in Sheffield, though there is a lot to love,
What chance for change? We need it better run.
But still, I'd never dream of life back in the South.
